SUBJECT INDEX

Abortion
  forces required for surgical dilatation of cervix 913, 1046
  in first trimester, cervical dilatation with prostaglandin analogue 849
  septic associated with *Campylobacter* infection of cervix 771
  spontaneous
    associated with high maternal serum polyamine oxidase levels 199, (commentary) 177
    in midtrimester and cervical resistance index 1046
  threatened, fetal growth delay in, ultrasound study 525
Acetylcholinesterase in amniotic fluid diagnostic test for NTD 111, 821
Adrenaline
  and noradrenaline maternal plasma levels in normal and hypertensive pregnancies 1041
    physical exercise effects on 921
β-Adrenoceptor agonists (*See also* named compounds)
  intravenous therapy for premature labour, effect on serum oestriol levels 917
Alcohol
  heavy drinking in pregnancy, effect on fetus 892
Aldosterone (*See also* renin–angiotensin system)
  secretion in normal pregnancy inhibited by L-dopa 483
Alpha-fetoprotein (AFP) *See* α-Fetoprotein
Amenorrhoea

pregnancy-associated plasma proteins (commentary) 687
profile and glucose studies in pregnancy with low hPL levels 241
SP_1, PP5 and hCG circulating levels in trophoblastic disease 69
Polyamine oxidase, maternal serum levels in spontaneous abortion 199, (commentary) 177
Population studies
African nulliparae, uterine activity in normal labour 364, delayed labour 370
antenatal detection of fetal growth retardation 12, scoring system 520
antenatal screening for NTD
maternal anxiety assessment 218
nomogram for estimating risk 598
specificity, effect of cephalometry on 1050
Asians, birthweight by gestational age, effect on perinatal mortality in white and Punjabi births 896, ultrasound assessment of gestational age 836
athletes, menstrual status 507, (commentary) 499
audit of caesarean section, Scotland 787
British survey of diabetic pregnancies (commentary) 783
cervical suture in Scotland, effect on pregnancy outcome 528, (commentary) 497
development of a rational blood-ordering policy for obstetrics and gynaecology 100
evidence against oral contraceptives as a cause of neural-tube defects 547
Hawaii, incidence of complete and partial hydatidiform mole 258
incidence and prevalence of preclinical carcinoma of cervix in a British population 564
maternal and fetal effects of forceps delivery 501, (commentary) 495
multiple births in Igbo women 77
Nigerians
blood pressure, plasma osmolarity and oedema in pregnancy 811
plasma high-density lipoprotein cholesterol levels during long-term oral contraception 944
outcome of spontaneous labour in multigravidae 708
rates of hysterectomy after sterilization 845
sex ratio at birth (commentary) 97
after AID with cryostored sperm 132, (correspondence) 683
in Hausa 136, (correspondence) 585
smoking in pregnancy, social and obstetric features 622
survival and morbidity at 2 years of infants born before 29 weeks gestation 887, (commentary) 879
very early neonatal seizure role, indicator of quality of perinatal care 418, (commentaries) 415, 416
Postmaturity *See* Pregnancy
Postmenopause *See* Menopause
Pre-eclampsia *See also* Hypertensive pregnancy
in pregnancies to three husbands 862, paternal responsibility (commentary) 785
labetalol, effect on uteroplacental blood flow 640
management, bed rest compared with ambulation 128
severe, haemoconcentration 802
urine dopamine output in 123
Primitive delivery positions 712
Pregnancy
antithrombins circulating levels 62
assessment with routine real-time scanning at first hospital visit 16
biochemical studies/monitoring
circulating endogenous inhibitor of prostaglandin synthase 612
high oestrogen excretion, effect on outcome 994
lipid metabolism in 211
plasma proteinase inhibitor levels elevated in 208
serum cytidine deaminase and deoxycytidylate deaminase as index of high risk 309, 314
serum hCG levels in third trimester related to outcome 543
trypsin in amniotic fluid 142
blood pressure, plasma osmolarity and oedema in 811
blood viscosity and haemostatic factors in 117

complicated by diabetes
amniotic fluid volumes and concentrations of C-peptide in 536
British survey of (commentary) 783
serum hPL and SP_1 concentrations in 827
complicated by hypertension
bed rest in management of (commentary) 593
blood viscosity and haemostatic factors in 117
plasma adrenaline and noradrenaline levels in 1041
placenta praevia as affecting 806
plasma prostanoids in 617
pre-eclampsia: effect of labetalol on uteroplacental blood flow 640, haemoconcentration in 802, in pregnancies to three husbands. Case report 862, management, ambulation and bed rest compared 128, (commentary) 593, paternal responsibility (commentary) 785
urine dopamine excretion in 123
complications
cholestasis, gall bladder volume and serum bile acids in 59
chorioangioma of the placenta. Case report 480
fetal growth retardation: blood viscosity and haemostatic factors in 117, diagnostic value of QRS intervals 900, detection of, retrospective analysis 12, predictive value of fundal height measurement 447, scoring system for antenatal identification of 520
gross fetal abdominal enlargement. Case report 173
high-risk: fetal habituation for neurological assessment 441, predictive value of antepartum non-stress cardiotocography 427, 434, 517, 716
rhesus isoimmunization, effects of dexamethasone on amniotic fluid absorbance 456
sickle cell disease and anti-U antibody. Case report 91
thrombotic thrombocytopenic purpura. Case report 476
tubular vision associated with hyperprolactinaemia. Case report 1056
urinary tract infection, antenatal prediction of 8
vulval carcinoma in. Case report 244
erythrocyte shape changes in 1018
gestational age assessment with ultrasound
cephalometry, effect on specificity of AFP screening for NTD 1050
fetal crown-rump length 926
in Asians 836
predictive value of BPD measurement, controlled trial 338
heavy drinking in, effects on fetus 892
immune status: in relation to maternal haemoglobin levels 222, role of polyamine oxidases 202, (commentary) 177
management
cervical cerclage (commentary) 479, population study, Scotland 528
in hyperprolactinaemia 20
in patients with burns 603, old burns 610
in women with artificial valves 940
of sinusoidal FHR pattern 765
role of antenatal radiography in breech presentation 342
molar (commentary) 255, elevated intravesicular fluid LH levels 160, epidemiology and morphology, Hawaii 258
multiple (*See also* Twin pregnancy) in Igbo women 77
nutrition
oral iron supplementation effects on erythropoiesis 1006, serum ferritin levels 1011
vitamin A levels related to NTD 935
Zn deficiency, factor in fetal abnormality 56
physical exercise during, effect on stress hormones and placental steroids 921
postmature, indication for induction, prospective study 292, (correspondence) 778
renin–angiotensin system in (commentary) 591
ruptured ectopic pregnancy wrongly diagnosed in patient with ruptured spleen. Case report 1062
smoking in, social and obstetric aspects 622
successful outcome
after cryosurgery for CIN 387, 675
after treatment of endodermal sinus tumour 769
in rabbits after ovarian transplantation 645
trophoblast cells, extraction and identification in maternal peripheral blood 65
ultrasound measurement of yolk sac 931
uteroplacental blood flow, effect of placenta praevia on 806
Pregnancy-specific proteins *See* Placental proteins
Prematurity *See* Labour and delivery
Progesterone
secretion in corpus luteum affected by follicular aspiration 948
therapy for ovarian adenocarcinoma 561
umbilical cord plasma levels after caesarean section 73, after vaginal delivery at term 989
Prolactin
hyperprolactinaemia
and pregnancy, obstetric and endocrinological management 20
associated with tubular vision in pregnancy. Case report 1056
maternal serum level, physical exercise effects on 921
secretion inhibited by L-dopa during pregnancy 483
serum levels in premenstrual syndrome 306
Prolactinoma, enlargement during bromocriptine therapy 169, (correspondence) 584
Prostacyclin *See* Prostaglandins
Prostaglandins
16,16-dimethyl-*trans*-Δ^2 PGE_1 vaginal pessary before abortion 849
6-oxo-$PGF_{1\alpha}$ and thromboxane B_2 maternal plasma levels in hypertensive pregnancy 617
PGE_2 single vaginal pessary for inducing labour 704
prostacyclin (PGI_2) lack of effect on contractility of non-pregnant uterus 402
synthase inhibitors in maternal plasma 612
Proteinase inhibitors, plasma levels in pregnancy 208
Puerperium
changes in renin–angiotensin system in normotensive primiparae 633
hypertension, therapeutic effects of methyldopa and timolol 1031

Rabbits
ovarian transplantation 652, subsequent successful pregnancy 645
postoperative peritubal adhesions prevented with dextrans 473
Radiography antenatal role in management of breech deliveries 342, (commentary) 688
Radiotelemetry for monitoring labour 285
Renin–angiotensin system (commentary) 591
active and inactive renin synthesis in cultures of genital tract explants 628
and prolactin secretion in pregnancy inhibited by L-dopa 483
in normotensive primiparae in the 4 days after delivery 633
Retroperitoneal fibrosis, acute, after uterine rupture. Case report 967
Rhesus isoimmunization, effect of dexamethasone on amniotic fluid absorbance 456
Ritrodrine in management of fetal distress in labour 671, 723

Salbutamol therapy for premature labour 917
Schistosomiasis of the fallopian tube. Case report 867

Schwangerschafts protein 1 (SP_1) *See* Placental proteins
Sex ratio (commentary) 97
of births resulting from artificial insemination 132, (correspondence) 683
of live-born Hausa infants 136, (correspondence) 585
related to maternal serum hCG levels in late pregnancy 543
Sickle cell disease in pregnancy complicated by anti-U antibody. Case report 91
Smoking in pregnancy, social and obstetric aspects 622
Spermatozoa
AID, sex ratio of resultant births, 132, (correspondence) 683, (commentary) 97
function in unexplained infertility 551, (correspondence) 970
function tests, reliability and accuracy of the zona-free hamster ova assay 951
motility, prognostic value of postcoital test 299
successful circumvention of retrograde ejaculation in a diabetic man 1064
Spleen spontaneous rupture diagnosed as ruptured ectopic pregnancy. Two case reports 1062
Sterilization, subsequent hysterectomy rates, survey 845
Sterility *See* Infertility
Steroids *See also* named compounds
cytoplasmic steroid receptors in ovarian tumours 754
hormone profiles, abnormal in infertile women, systematic treatment with gonadotrophins 80
maternal serum levels in late pregnancy, physical exercise effects on 921
Sulphatase, placental deficiency of, effect on delivery and outcome. Case reports 1054

Thromboembolism venous, and oral contraceptives 381
Thrombotic thrombocytopenic purpura in pregnancy. Case report 476
Thyroid, familial multinodular goitre and androblastoma with raised serum AFP. Case report 323, (correspondence) 872
Timolol and methyldopa therapy in puerperal hypertension 1031
Tranexamic acid therapy for IUCD-associated menorrhagia, fatal results 681
Triglyceride plasma levels in pregnancy 211
Trophoblast
extraction and identification in circulating peripheral blood during pregnancy 65
chorioangioma of the placenta, ultrasound study. Case report 480
trophoblastic disease monitoring with circulating level of hCG, SP_1 and PP5 69
Trypsin in amniotic fluid, origin of 142
Tumours *See also* Carcinoma
-associated antigens detection of in patients with CIN 238
markers, cyclic GMP in ovarian tumours 760
prolactin-secreting pituitary microadenoma enlargement during bromocriptine therapy 169, (correspondence) 584
Twin pregnancy
factors associated with preterm labour 190
prognostic significance of raised maternal serum AFP levels 817
rate in Igbo women 77
ultrasound detection of abnormalities 1035

Ultrasound
cephalometry for gestational age assessment, effect on specificity of AFP screening for NTD 1050
detection of abnormality in twin pregnancies 1035
diagnosis of chorioangioma of the placenta. Case report 480
diagnosis of fetal growth delay association with threatened abortion 525
-directed percutaneous tapping of distended fetal abdomen. Case report 173
estimation of gall bladder volume in cholestasis of pregnancy 59
identification of 'breech head' 106
measurement of BPD in early pregnancy, predictive value, controlled trial 338
measurement of fetal crown-rump length for gestational age assessment 926
measurement of yolk sac 931
monitoring of fetal cardiac electromechanical intervals in labour 145
monitoring of ovulatory response to gonadotrophin stimulation 155, 856
associated with premature ovulation 694
routine real-time scanning at first hospital visit, clinical assessment of 16
Umbilical cord
compression in labour, effect on cardiac electromechanical intervals 145
plasma catecholamines, mode of delivery as affecting 44
plasma progesterone levels: at term vaginal deliveries 989, after caesarean section 73
Umbilical metastasis from squamous carcinoma of cervix. Case report 1066
Urinary tract
acute retroperitoneal fibrosis after uterine rupture. Case report 967
hypospadias. Case report 581
incontinence *See* Bladder
infection: in pregnancy antenatal prediction of 8
incidence after surgery, single-dose prophylactic co-trimoxazole effects on 578
urodynamic effect on anterior colporrhaphy for prolapse 459
Uterus *See also* Endometrium
blue nevus of the endocervix. Case report 1059
concomitant uterine and ovarian carcinoma after gonadotrophin therapy. Case report 962
diagnostic curettage in infertility, harmful effect of 296
didelphys, invasive carcinoma of one cervix. Case report 171
inversion non-puerperal. Case report 247
leiomyosarcoma. Case report 864
non-pregnant, contractility not affected by PGI_2 402
prolapse, vaginal hysterectomy 459
rupture associated with acute retroperitoneal fibrosis. Case report 967
uterine activity in pregnancy *See* Labour and delivery/Pregnancy
uteroplacental blood flow, labetalol effects on 640

Vagina, post-menopausal cytology, hormone therapy as affecting 657
Virus infections
associated with premature rupture of membranes 793
herpes simplex antibody activity in amniotic fluid 226
'warty' atypia and cervical intraepithelial neoplasia, colposcopic, histological and cytogical characteristics 571
Vitamin A, amniotic fluid and maternal serum concentrations related to neural-tube defects 935
Vulval carcinoma in pregnancy. Case report 244

Water relations, blood pressure, plasma osmolarity and oedema in pregnancy, Nigerians 811

Yolk sac ultrasound measurement 931

Zinc-deficiency, aetiological factor in fetal abnormality 56
Zona-free hamster ova assay for sperm function 551, 951
